

Blackened Stainless Finish Advisory

Products manufactured by C.R. Laurence Co., Inc. (CRL) with an Blackened Stainless Finish are inspected at our facilities prior to packaging and shipping. Within two days of receipt of these products you are advised to open the package, remove all of the protective wrap from the product, then inspect the product thoroughly. You must report any damage or irregularity of the finish to CRL immediately. Please be advised that CRL will not be held liable for damages reported at a later date.
