## CRL Jamb Mounted Hinge Kits

Our Jamb Mounted Hinge Kits let you provide an 'all-glass' look shower door in an easy-to-install configuration. Water leakage around the door is minimised with the use of extruded aluminum jamba with vinyl for both the hinge and strike sides, and a clear vinyl sweep for the bottom. Kits come in your choice of three of our most popular finishes, with glass cut-out templates and installation instructions enclosed.

**STANDARD HINGE KITS**  
 For 8mm to 12mm Toughened Safety Glass.

1.83m High Geneva Series Kits	GEN03372XX
1.98m High Geneva Series Kits	GEN03378XX
1.83m High Pinnacle Series Kits	P1N03372XX
1.98m High Pinnacle Series Kits	P1N03378XX

**HEAVY DUTY HINGE KITS**  
 For 10mm to 12mm Toughened Safety Glass.

1.83m High Vienna Series Kits	V1E03372XX
-------------------------------	------------

**Suitable for heavier glass**

A modern bathroom with a bathtub, a glass shower enclosure, and a towel bar. The scene is dimly lit, with a teal square graphic element on the left side.

# Support & Towel Bars

Our range of Support Bars comes in a variety of lengths and finishes, suitable for different glass thicknesses, to enable you to create your perfect bathroom space.

Our range of Towel Bars will add a touch of elegance and class to your bathroom. Constructed of tubular brass, CRL's Towel Bars ensure your door installations will last for a long time as their lightweight properties help to keep the weight of the door hardware to a minimum.

All CRL Frameless Shower Door Hardware has consistent finishes and will instantly add a look of quality to the appearance of your enclosure, and with proper care and cleaning, will remain beautiful for years to come.

## Thru-Glass to Wall Rod

View	Specification	Cat No. / Description
 <p><b>Ideal for use as a Shower Curtain Rod</b></p>	<p>Material: 19mm Diameter Stainless Steel Tubing</p> <p>Bar Lengths: 1.83m</p> <p>Glass Thickness Range: 6 to 12mm</p> <p>Glass Fabrication Required: 12mm Diameter Hole</p> <p>Includes: 19mm Diameter End Cap on One End</p> <p>Polished Stainless (PS) shown, also available in Brushed Stainless (BS). For details please see the flip out chart at the rear of this brochure or visit <a href="http://crlaurence.co.uk">crlaurence.co.uk</a></p>	<p><b>Cat. No. TUBE3472XX</b> Thru-Glass to Wall Rod</p> <p>Requires additional fitting for wall attachment i.e. S3 or S12</p>

## Through-Glass Mounted Support Bar

The Through-Glass Mounted Support Bar creates a means of support that strengthens an enclosure's structural integrity. It may be used in place of a header in certain applications (call for details) and can be mounted to a wall, ceiling or glass-to-glass. Supplied Bar is 991mm long, requires a 16mm hole in the glass, and comes in finishes to match our Hinges and Pull Handles. All mounting hardware included.

View	Specification	Cat No. / Description
	<p>Choice of wall/ceiling mount or glass-to-glass mount</p> <p>Helps strengthen structural integrity of shower enclosure</p> <p>Stocked in numerous finishes, with custom finishes available</p> <p>991mm bar length, 1.08M overall length</p> <p>All mounting hardware included</p>	<p><b>Cat. No. SUP135XX</b> Wall Mount</p> <p><b>Cat. No. SUP135G2GXX</b> Glass-to-Glass Mount</p> <p>16mm ø hole required</p>

## Mitred Support Bar Bracket

The Mitred Support Bar Wall Mount Bracket is designed to attach to the wall by slipping over a screw mounted stud that is secured into the wall. Perfect for an inline panel needing to be secured to an adjacent wall for stability. The Bracket comes in matching finishes, and fits any of our Fixed Panel Support Bars. Mitre of Bracket ensures flush fit against wall.

View	Specification	Cat No. / Description
 <p><b>Cat. No. SBB45</b> 45° Bracket</p> <p><b>Cat. No. SBB22</b> 22.5° Bracket</p>	<p>A great solution for inline enclosures requiring fixed panel support when a header is not desired</p> <p>Can replace a fitting on the end of a stock support bar</p> <p>Attaches to wall easily via a screw-mounted stud</p> <p>Available in many popular finishes</p>	<p><b>Cat. No. SBB45XX</b> 45° Bracket</p> <p><b>Cat. No. SBB22XX</b> 22.5° Bracket</p>

These Fixed Panel Support Bars stabilize fixed panels of glass in enclosures that do not go all the way up to the ceiling. Bars are available in two lengths, and in sizes to secure 6mm to 12mm thick glass. Finishes are available to match most of our hinges, knobs, and pull handles. No holes or cut-outs are required in the glass.

## SQH Series Flat/Flat Profile

Cat. No. SQH980XX  
2.49m Deluxe Header Kit

# CRL Frameless Vertical Post System

## Specifications

- Stock or custom kits allow user to stabilise fixed panels of glass not going to ceiling
- Excellent alternative to traditional horizontal header systems
- Four popular stock finishes for 8, 10, and 12mm glass
- Glass fabrication required for tube adaptors/ end caps with 19mm holes
- Custom kits available in various finishes, post configurations, and with dome or ball style glue-in end caps (Two-Point System only)

## Cat No. / Description

### Cat. No. VPK33XX

#### Two Point Ceiling Mount System Kit

- 1 Each - 838mm length of 51mm diameter Round Tubing, two Rivet Nuts, and Flat Style End Cap
- 2 Each - Tube Adaptors with 38mm diameter End Caps (with Threaded Stud)
- 1 Each - Removable Top Flange with Set Screw

**NOTE:** There are size limitations when hinging a door off a panel fastened using the VPK33. Call our Frameless Shower Department for details.

## Cat No. / Description

### Cat. No. VPK92XX

#### Floor to Ceiling Mount System Kit

- 1 Each - 2300mm length of 51mm diameter Round Tubing, with welded Bottom Flange and two Rivet Nuts
- 2 Each - Tube Adaptors with 38mm diameter End Caps (with Threaded Stud)
- 1 Each - Removable Top Flange with Set Screw

**NOTE:** Stock Kit is prepared for one degree floor slope to the inside of the shower. Shimming is required if floor is not a one degree slope to the inside of the shower, or a Custom Kit may be ordered instead.
