

CRL's Specialty "ALL GLASS LOOK" Van Windows

CRL has "ALL GLASS LOOK" van windows for Sprinter Van applications from 2001 to current. They are a perfect accent to compliment the Sprinter's aerodynamic styling. Our Sprinter Van windows are configured to fit within the OEM stampings to provide a customized OEM look. Whether converting the Sprinter for commercial or recreational use, CRL "ALL GLASS LOOK" windows are the right choice.

CRL has "ALL GLASS LOOK" windows for 2010 + Ford Transit Connect Vans marketed in North America. They are perfect accents to aerodynamic van styling with dark solar privacy glass that goes into the edge of the pinchweld for a flush look. Door windows install with automotive urethane and primer, just like original equipment glass. Quarter Panel Windows install on the predesigned factory stamping with a clamp ring. These "ALL GLASS LOOK" windows are contoured to follow the door and quarter panel, making installation simple.

America's Most Innovative Slider Manufacturer!

Manufacturing Sliders for Trucks from 1948 to Present

2014 Chevy Silverado

CRL's "Perfect Fit" Slider is now available for the all new redesigned 2014 GMC/Chevrolet 1500 Series Pickups. This new slider is available in both manual Tri-Vent and our electrically operated POWR-Slider which offers smooth opening and closing action, an upgrade to the OEM's offering. The Solar Privacy Glass keeps the interior cooler and protects the interior from harmful UV rays.

We are first to offer this slider in the automotive aftermarket. Once again, another fine product from America's most innovative slider manufacturer, C.R. Laurence.

2008+ Ford F-250

Rear Truck Sliders for New 2014 Models

Only CRL Brings You So Much Variety!

Our "Perfect Fit" Slider is available for Ford F150 and F250 trucks. This contoured unit features our Flex Seal design frame to assure a customer satisfying fit every time. Both manual Tri-Vent and electrically-operated POWR-Slider versions have Solar Privacy Glass to keep the cab interior cooler.

The slim line frames have a smooth, powder-coated black finish that will enhance the appearance of Ford F-Series and Super Duty trucks. Best of all, these sliders benefit from our years of experience as America's premier slider builder.

POWR-Slider offers the discriminating truck owner push button convenience that lets you open or close the rear slider with a simple touch of a dash mounted switch. No need to take your eyes off the road, or fumble with a latch behind your head, just touch the switch and POWR-Slider opens or closes quietly. POWR-Slider is designed to integrate beautifully with today's luxurious truck cab interiors, as if it were original equipment.

The black finish aluminum frame fully surrounds dark tinted or solar privacy glass, and fits in the rear window opening without modifications to the cab interior. Exclusive Micro-Drive system can be mounted on the floor or backwall to the owner's preference. POWR-Slider is available in over 30 models to fit virtually all domestic and import pickups, some back to model year 1967.

Quality Built in the U.S.A

CRL Manufacturing is located in Vernon, California, just five minutes from the corporate headquarters of C.R. Laurence Company and ten minutes from downtown Los Angeles. In our 600,000 combined square foot facilities we build our automotive products under the most strict standards. Being an ISO9001 Certified company reflects the commitment of our employees. That's your assurance that when you select a product made by CRL Manufacturing you have made the best possible choice.

Tri-Vent Manual Pick-Up Truck Sliders

CRL's three panel Tri-Vent is the most popular manual sliding rear window on the market today. The low profile slim line frame improves rear sight lines. Our Deluxe Tri-Vents have compound curved glass to reduce glare, and silk screened edges to conceal the inner framework.

All models have aluminum frames with state-of-the-art powder-coated polyester paint for a trouble-free finish. Another Tri-Vent feature is our exclusive Self-Locking Latch for quick and convenient one-hand locking.
