**NEW ENTICE™ SERIES**

**ULTRA NARROW STILES WITH FULL FRAMED PERFORMANCE**

Entice™ is the only storefront solution that delivers the aesthetically pleasing qualities of a monolithic frameless glass entrance, plus satisfies new energy code requirements and ASHRAE 90.1 air infiltration criteria. The first premium storefront of its kind, the Entice™ Series retains the elegant appearance of heavy glass storefronts with minimal vertical lines, and features the unique ability to support door handle hardware on 1" insulating glass panels that accommodate all high solar and thermal efficient glass options, including low-e coatings and tints.

The Entice™ Series is clad with finely finished materials of your choice, and does not have break lines where common doors would have removable stops. The system also features proven CRL-U.S. Aluminum CORNER-LOC® Technology, the strongest corner construction in the industry.

- For Use With 1" (25 mm) Insulating Glazing
- Meets ASHRAE 90.1 Air Infiltration and Energy Code Requirements
